

Central Mass FPVers

Central Mass FPVers are a group of first-person-view UAV and drone-racing enthusiasts in the Central Massachusetts area. We put the emphasis on having fun. All experience levels are welcome, and we're happy to help out flyers new to the remote-control hobby or new to FPV.

You'll usually find us the Wachusett RC Flyers field in Sterling, MA on Saturdays if the weather is nice (and on other days of the week, too). Visitors are welcome to stop by and see what we're up to.

We use the RotorHazard Timing System to time our laps and manage races. While we're casual about racing, the timing system keeps things interesting, whether we're lining up to compete or just running practice laps.

For more information (and videos), see the web page at etheli.com/cmfv. We also have the Central Mass FPVers group on Facebook for organizing meetups and other discussions.

And remember – have fun out there!

WRCF Sterling Field is located at 58 George Peeso Road, Sterling, MA 01564 (42.4557823,-71.745471):
